## CAN A SPUNKY ELF CONVERT A REAL GRINCH?

Brett Jacobs hates Christmas. Just the sight of Santa Claus brings up painful memories. However, he loves his mom and will do anything for her, including getting a second job at the Arboretum's holiday lights show to earn enough money to fix her car.

Meredith Larson loves, loves, loves Christmas and is thrilled it's November again—Winter Lights is almost here! She's still working out what to do with the rest of her life after earning her MBA, struggling to reconcile her dreams with her desire to make her family happy.

When she hires a new guy to work during the holidays, Meredith's determined to transform his "bah humbug" attitude about Christmas. Maybe infusing a little Christmas spirit into Brett's life will also help her figure out her future.
